

**Welcome to the  
L.C. Smith College of Engineering &  
Computer Science  
at Syracuse University**

**Dr. Can Isik (Jon Ishik)**  
**Senior Associate Dean**

# LC Smith Numbers

- **Tenured Faculty** 65
  - **Research Assistants** 99
  - **Teaching Assistants** 70
- 
- **Total Undergraduate enrollment** 1300
  - **Masters enrollment** 500
  - **Doctoral Enrollment** 160

# Graduate Degree Programs

- **Department of Biomedical & Chemical Engineering**
  - Bioengineering, ME, MS, PhD
  - Neuroscience, MS
  - Chemical Engineering, MS, PhD
- **Department of Civil & Environmental Engineering**
  - Civil Engineering, MS, PhD
  - Environmental Engineering (& Science) MS
- **Department of Electrical Engineering & Computer Science**
  - Computer Engineering, MS
  - Computer Science, MS
  - Electrical Engineering, MS
  - Computer and Information Science and Engineering, PhD
  - Electrical and Computer Engineering, PhD
- **Department of Mechanical & Aerospace Engineering**
  - Mechanical & Aerospace Engineering, MS, PhD
  - Engineering Management, MS

# Financial Aid

- **MS Tuition grant (% tuition discount) is fixed at admission**
  - cannot be changed after admission
  - Percentage changes from 0 to 50%, based on the program and merit
- **Teaching & assistantship: from the department**
- **Research assistantship: from the faculty member**
- **For both TA and RA appointments, priority is given to PhD students**

# Internal Transfers

- Each program has its own admission standards
- Each program requires a different set of UG background
- Transfers may result in additional “bridge” courses to be taken
- Up to 5 bridge courses are at no charge to students
  - Students pay for the number of required credits first, then the remaining credits are free of charge.
- Financial aid may change (tuition grant percentage, etc.)

# Academic Integrity

- Engineers, computer scientists generate new knowledge & technology
- It is in our interest to be vigilant about the protection of intellectual property, give credit where it is due
- Employers have zero tolerance for employees who put their IP at risk by using other's technology w/o appropriate attribution
- Our faculty members have zero tolerance for students who use others' work without proper recognition/citation
- When in doubt, ask
