

Reference Counting Demonstration

```
Demonstrate Reference Counted Components
=====
-- creating original component --
  AddRef: refCount = 1
  component doing its thing
-- creating a new instance of component --
  AddRef: refCount = 1
  component doing its thing
-- making alias of the new component --
  AddRef: refCount = 2
-- releasing original component --
  Release: refCount = 0
  Component being destroyed
-- releasing new component --
  Release: refCount = 1
-- releasing alias of new component --
  Release: refCount = 0
  Component being destroyed
